

Meet the

Earthman and his PLANETPALS say
 Think about the planet each and every day
 If you help take care and do your part
 You will be a PLANETPAL from the heart

PLANETPALS™

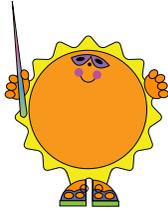

I'm Earthman

Earthman says
 Please listen to my friends
 we need your help
 so the earth can mend

We all must try
 to care for the planet
 trees and animals
 and everything in it

We should save our water
 try not to waste
 keep things clean
 not act in haste

If we keep the earth safe
 and squeaky clean
 living things will be healthy
 and everything green.

I'm Sunnyray

How do you do!
 I'm Sunny Ray
 I bring you warmth
 and light each day

I don't like smog
 or dirty clouds
 they stop my rays
 from getting 'round

So, watch exhaust
 be careful of smoke
 please, stop those fumes
 or I might choke!

I'm Planet Terri

I'm Planet-Terri
 I take care of this place
 So, keep it safe
 for the human race

Don't trash the earth
 keep it pollution free
 or you'll ruin the land
 the earth and the sea

Don't argue or fight
 keep peace and be fair
 If you ruin your planet
 you won't live there

I'm Moonbeam

Hello, I'm Moonbeam
 I give you light
 I control the tides
 and bring you night

If the air is polluted
 dirty clouds you'll see
 there won't be night light
 'cause you won't see me

I'm Starbright

My name is Starbright
 I'm a twinkling light
 and one of the stars
 you see each night

I help with wishes
 that's what I do
 and I help Moonbeam
 light the sky at night, too

So, make a wish
 for a safe clean planet
 for the universe
 and everything in it

If your wish comes true
 you'll look up high
 and you'll see me shine
 in a bright clear sky

I'm Breezy

I'm Breezy clean
 help me stay that way
 be cautious of what you burn
 and of what you spray

Be careful of exhaust
 and unnecessary smoke
 because polluted air
 is a dirty joke

People and plants
 and animals, too
 need my clean air to breath
 and live, like you!

I'm Fluffy

Fluffy's my name
 I live up high
 I move so smooth
 as if I fly

I'm soft and white
 as I can be
 and carrying water
 is my specialty

If the air gets dirty
 then I get gray
 I'm a big smog cloud
 that can't move away

If I get gray
 then you'll get blue
 'cause Sunnyray
 can't shine through

I'm King Dom

I'm king of the world
 creatures big and small
 short or tall
 I watch out for all!

I care for their habitat
 they rely on me
 to keep it healthy,
 safe and trouble free

I won't spare one
 from the land or the sea
 each one has a role
 on this earth, just like me!

I'm H2O

How do you dew!
 H2O is my name
 I'm a drop of water
 that comes from rain

I give you the lakes
 and fill up the sea
 my water is important
 to you and to me

We need it to wash
 and drink and grow
 it's essential for life
 we must keep it aflow

I'm Greenbean

My name is Greenbean
 and I'm everywhere
 I'm a living thing
 I need special care

You find me on plants
 and great big trees
 on beautiful flowers
 and funny looking weeds

So give me clean water
 and I will grow
 then I'll filter the air
 and make oxygen flow

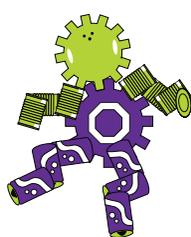

I'm Litterbug

I'm the litterbug
 for goodness sake
 how much litter does
 a litterbug make

One, two,
 three, four
 Never enough
 I'll litter more!

I make a mess
 'Cause I don't care
 I toss I waste
 most everywhere

I'm Crush

Yo! my name is crush
 I cling and clang
 a big junk heap...
 a nasty thang!

I make lots of noise
 I'm such a pest
 wherever you see me
 there will be a mess

I'm Dusty

My name is dusty
 I'm all over the place
 from your back yard
 to the outer space

I clutter, I ruffle
 and raise the dirt
 I'm a great big rascal
 for a little squirt!

I'm Big Bin

Your pal, Big Bin
 I take your waste
 Better here with me
 than all over the place

Don't drop it on the ground
 nor the river, nor the sea
 Please do the right thing
 hand it over to me

If I see you litter
 I'll frown, I'll pout
 I'll blow my top
 If you toss about!

I'm Peace Pal

My name is Peace-Pal
 and i like the world calm
 a place free from anger
 without any harm

Let's take away conflict
 put safety in it's place
 a world full of freedom
 for the whole human race

Be friendly, don't fight
 let's laugh and let's sing
 make a world that is joyful
 for all living things
